# VIRTUAL EVENT

## ANNUAL FAMILY DAY

**FORMAT** Virtual

**PAX** 200 families

**THEME** Out of this World

**LOCATION** Streamed from the Multi-Media Studios

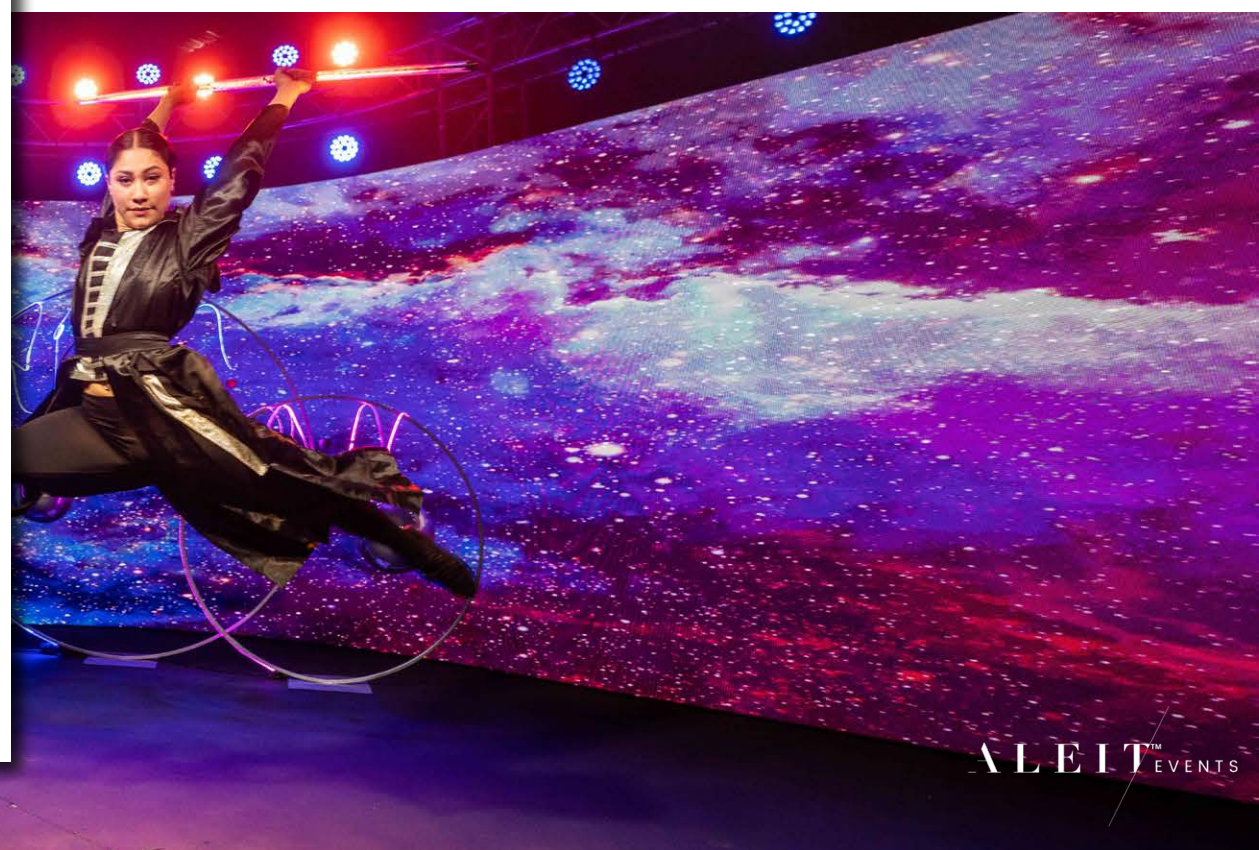

A family day whereby relationship managers could interact with their clients and families has been on the social calendar for our client for over a decade. Usually an in-person event, this day is filled with all things fun for all ages.

In mid-2020, a virtual event was our only option. Ultimately, the success of this first virtual family day proved that a virtual event can be just as engaging, interactive and stimulating as an in-person event and therefore there was a second version.

We decided that instead of doing a live-streamed event, we would package an event in a delivered box to feature all the goodies that guests would normally have experienced at the event and also include a pre-recorded video to feature entertainment and speakers.

The theme for this virtual event was Out of this world where the idea is to take the attendees on a galactic experience, right in the comfort of their own home. This theme will do well to appeal to everyone's sense of exploration and wonder, as well as bring out the inner child.

The delivered hampers featured a branded USB with entertainment by Stormtrooper hip-hop dancers, Ms Cosmo, DJ Arch Junior and Joey Rasdien. It truly was well received and an "event" to remember!

# CORPORATE EVENT

## ABSA AFRICA ENERGY FORUM DINNER

**FORMAT/SEATING STYLE** Seated dinner

**PAX** 90

**THEME** Greenhouse

**LOCATION** Plein Publiek, Brussels

The dinner hosted by Absa during the annual Africa Energy Forum has become an institution – a highlight on the calendar that Absa clients, potential clients and associates look forward to every single year!

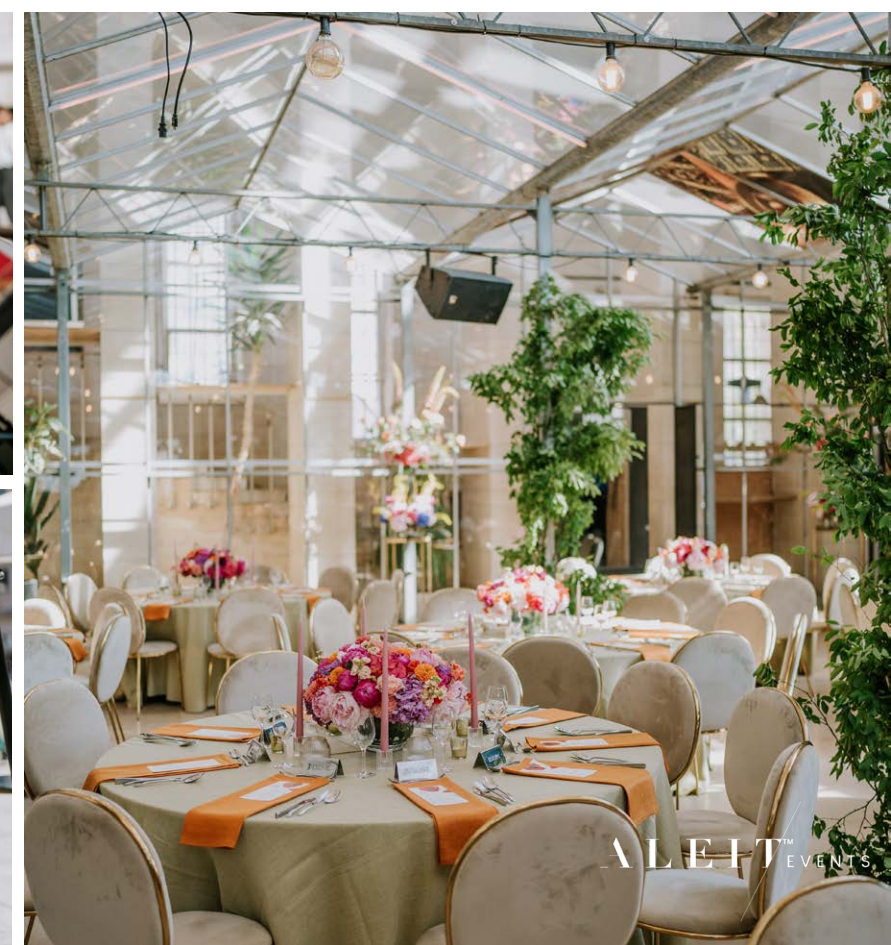

The red poppy is regarded as Belgium's unofficial national flower. Regardless of its certified status, we love how the poppy itself is so versatile and available in several colours featured in Absa's CI, from deep reds to bright reds and oranges and yellows.

Merging the symbolism of Belgium and the colour significance of Absa's CI is our aim for this dinner. The poppy was used as the hero bloom within the floral arrangements, flanked by other bright and seasonal flowers.

The greenhouse was set with round tables seating between 8-10 guests each. Flower centerpieces and candles was kept low to encourage conversation between guests. For arrival and mingling on the terrace, there was space with comfortable lounge pockets and cocktail furniture to allow for ample seating during networking and a pianist for ambiance.

# ANNUAL EVENT

## ABSA CHAMPAGNE FESTIVAL

**FORMAT/SEATING STYLE** Hospitality, lounge & cocktail style

**PAX** 1500

**THEME** An Experience for all Five Senses

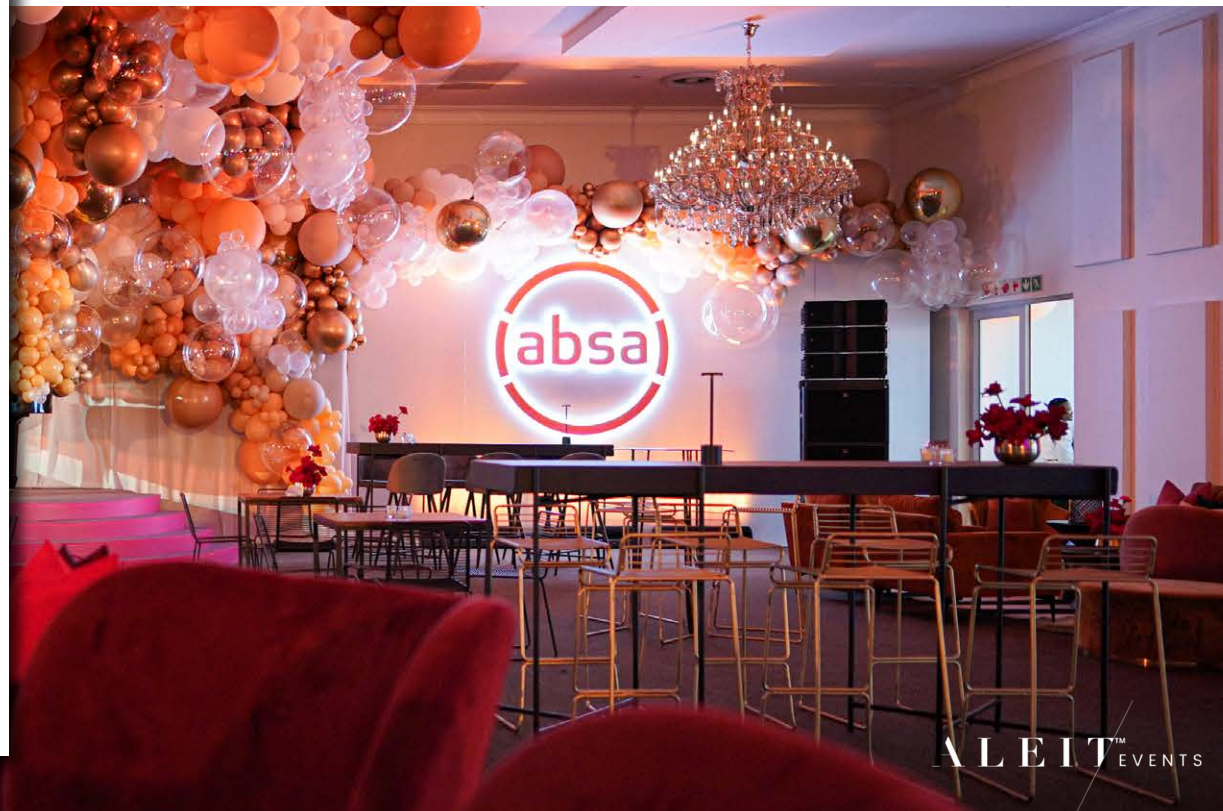

**LOCATION** The Polo Room, Inanda Club

The Absa Champagne Festival is one of the events that the entire events team always really looks forward to. This is the event where all your favourite things come together to create the perfect event; glamorous décor, stylish guests, impeccable cuisine and a lot of French Champagne.

The Absa Champagne Festival has been fully established as the singular 'Champagne-only' Festival in the country. As such, the latest concept for Champagne Festival ensured that guests fully immersed themselves in the world of Champagne by fully invigorating all five of their senses in a luxury lifestyle experience filled with a touch of art, high fashion, the finest cuisine, and, of course, a plethora of Champagne!

All the different areas of our venue was monochromatic, following the colours in the Absa colour palette with the use of furniture, décor and other styling elements such as balloon arches.

We also created an indoor greenhouse for our bespoke night-time - Champagne Garden - where guests was able to enjoy a beautiful Joburg sunset while sipping on Champagne. This area was whimsical, decorated in plenty of greenery, elevated by the vineyards, lush furniture, and plenty of sparkle.

# CORPORATE EVENT

## MAURITIUS CORPORATE CLIENT DINNER

**PAX** 120

The dinner was hosted during the 2018 Africa Energy Forum at The St. Regis Hotel in Le Morne. The St. Regis Mauritius Resort is a five-star luxury resort with ocean views and a magical setting where lavishly amenities meet world-renowned service.

Inspired by the waters around the island, synonymous with feelings of calm, serenity and nature our theme for the dinner was a lavish, tropical affair. It was hosted by a corporate company to show their appreciation to their long-standing clients as well as to network and build new connections.

Guests were treated to an elegant 5-course dinner whilst listening to Mauritian music from their local saxophonist. The night ended on a high with a theatrical fire dancer performance.

# BIRTHDAY CELEBRATIONS

## PASCAL 70TH BIRTHDAY EVENT

**FORMAT/SEATING STYLE** Seated dinner

**PAX** 50

**THEME** African

**LOCATION** Taaibosch Wine Farm, Stellenbosch

We recently coordinated a 70th private birthday event for an international client at the beautiful Taaibosch Wine Farm. The Birthday event had two different aspects; An arrival dinner and a formal banquet event. The client desired for all family and friends to celebrate his birthday in a uniquely South African way.

For the arrival dinner, our team of décor stylists used the beauty of true South African sunsets as inspiration. We curated streamlined wooden tables with wooden cross-back chairs styled with hues of fresh orange and pink floral centerpieces, clear glassware paired with silver cutlery to create an elegant but simplistic look, and feel. Guests enjoyed inspired South African braai stations paired with craps craft gin while enjoying the simplistic but stunning sunset of South Africa.

For the formal banquet event, our client desired a more formal approach to celebrate his birthday and we were inspired by a long banquet table, to showcase the unity of one. Our inspiration for all décor elements was elegant royalty and used hues of fresh white floral, paired with grey table cloths, and white Victorian chairs balanced with clear-cut glassware and polished silver cutlery to create an evening of glamour.

# SPORTING EVENT

## STANDARD BANK POLO IN THE PARK EVENT

**FORMAT/SEATING STYLE** One day sporting tournament

**PAX** 400

**THEME** A Signature Experience

**LOCATION** Cape Town

Polo In The Park is a lifestyle event (this event is a combination of the sport of polo, entertainment and hinges on luxury overall) which is opened to both our clients and the public.

This event hosted clients and members of the public and this event presented an opportunity to really make the brand shine. We coordinated the Standard Bank Polo In The Park VIP suite, where we created "A Signature Experience" – where guests left at the end of the day feeling as they were totally treated and looked after by their financial partner of choice.

The colour palette for the furniture, décor and styling within the marquee was navy blue and rose gold, tying into the entire Signature Banking CI and various campaigns. Hardwood floors and wooden accents added an element of luxury to the marquee, making guests feel as though they are within a luxurious stable.

It is of utmost importance that guests who attended this event had a memorable experience, therefore immaculate décor, impeccable service and fantastic food are a must but we also introduced other unique touches to set this event apart from the rest. This included beautiful and functional signage directing guests to the VIP suite, a shoe shine service, water stations placed around the room and a professional photographer for the photo booth.

# GOVERNMENT

## DEPARTMENT OF INTERNATIONAL RELATIONS AND COOPERATION (DIRCO) DINNER

**FORMAT/SEATING STYLE** Banquet dinner

**PAX** 800

**THEME** African Chic

**LOCATION** Sandton, Johannesburg

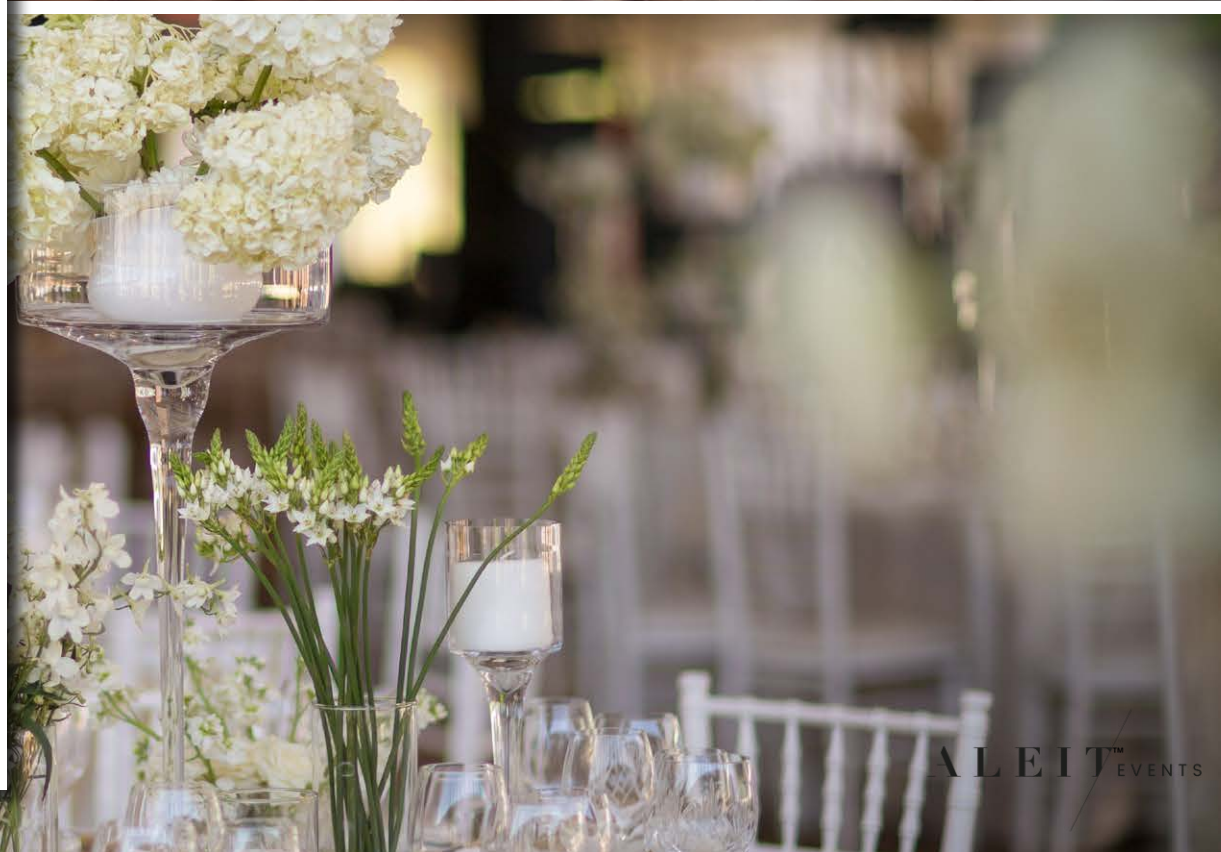

20 years of democracy definitely serves as reason for celebration and that is exactly what happened when we put together this celebratory event for 800 guests.

For the pre-dinner drinks area we used the colours of the South African flag and colour blocked the flag in the Bedouin tent with the use of pillows, flowers and other décor items. This set a very patriotic atmosphere for the event from the very beginning.

Usually, the first challenge with 800 guests is how you can make the seating process more effective. So we decided to dream up 8 of our very own local 'heritage sites'. These sites consisted of the following:

- Nelson Mandela
- O.R. Tambo
- Table Mountain
- Moses Mabhida Stadium
- Traditional Huts
- Mapungubwe Cave Drawings
- Johannesburg Skyline
- Union Buildings

These heritage sites were separated from each other by creating a unique look and feels for each area. The first being a white opulent look with round tables. The second was an indigenous look with proteas and earthy colours with rectangular tables. We used oversized lampshades as table placements, which had the insignia of each heritage site on it. The shades hung above each of the heritage sites assisting guests in finding their table quickly and easily.

# CONFERENCE

## ABSA CIB ELT CONFERENCE

**FORMAT/SEATING STYLE** Conference seating

**PAX** 100

**THEME** African Sunset

**LOCATION** Sandton, Johannesburg

We transformed the conference venue into an African sunset with shades of red, orange and yellow. Guests were amazed as they enter the venue to find this bold and bright colour front and center.

Round tables were spaced evenly throughout the venue that were used as seating for the conference. The different colours such as red, orange and yellow, were the main focus for the floral centrepieces used on each table and at the welcoming area of the venue.

We tried to keep this event minimalistic and the main focus on the speakers and the actual conference program.
